

USER MANUAL

SOLAR 3-IN-1 FLAME STAKE LIGHT ZAPPER

MODEL: #980
THANK YOU FOR PURCHASING!

DESCRIPTION

The Solar 3-in-1 Flame Stake Light Zapper combines the mosquito zapper function and stake light function which mimics the flickering of a flame. It can serve as garden lamp, pathway light, camping post etc.

WARNING

When using the device, basic precautions should always be followed. People may be hurt and property may be damaged if the device is not used and handled as described in these instructions.

- Do not use the device close to any heat source, steam or corrosive gases.
- Do apply any modifications. Any changes and modifications done to the device might make it unsafe to use. Modifying the device may also cause damage or personal injury.
- To avoid the risk of electrical shock, do not place the device in water or other forms of liquid.
- Do not place the device near flammable materials.
- To disconnect the device, carefully detach it from the power outlet.
- Do not use the device if it has a damaged plug, if it is not working properly, if it has been dropped or damaged or if it has exposed to water or any other form of liquid.
- To reduce the risk of inquiry, close supervision is necessary when the device is used near children. Keep out of reach of children.

OPERATING INSTRUCTIONS

This device can be charged through the Solar Panel at the top. Press the switch on the side of the appliance to turn the device on or off. When the zapper function is on, the UV light will attract mosquitoes flying close and the high voltage grid will zap them. When the flame lamp is on, the flickering LED will show a light that mimics a flame.

USAGE

The lamp has light sensor which automatically turns on at night, and off at day time.

- Press the switch once, the mosquito zapper function activates.
- Press the switch twice, the flame lamp function activates.
- Press the switch thrice, both the mosquito zapper and flame function is activated.
- Press the switch a fourth time and both functions turn off.

ATTENTION

If the device is completely out of power, please turn on the lamp manually after charging.

- Discrete

SIZE AND WEIGHT

Size: 4.65" x 4.65" x 10.8" H (w/o tray & pole)
Net Weight (with three poles & one tray): 640g

HOW IT WORKS

The Solar 3-in-1 Flame Stake Light / Free Standing Zapper combines the mosquito zapper function and stake light function which mimics the flickering of a flame. It can serve as garden lamp, camping table lamp etc. The UV LED will attract insects to fly towards the lamp, which then gets zapped by a high voltage grid. Free of pesticides and other chemicals, the unit is a safe and efficient eliminator of insects, suitable to use around children and pets. The flickering effect serves as great decoration and provides a warm atmosphere!
